Montana District and Apportionment Commission

P. O. Box 201706

Helena, MT 59620

Ladies and Gentlemen:

Included with this letter, please find 306 signatures of the citizens of Colstrip, Montana who are petitioning the Commission to be unified and incorporated within the northern portion of Rosebud County.

I sincerely hope the Commission will take these signatures seriously and agree to these petitioning citizens. They have been angry for the last ten years and want to be given proper consideration during this Redistricting project.

Thank you

Representative Elect for House District 39

Gary W. Parry

Redistricting Montana

We the citizens of the community of Colstrip, Rosebud County, and the State of Montana petition the redistricting commission for the State of Montana to unify Colstrip within the northern portion of Rosebud County in the proposed redistricting plans to be adopted by the 2023 Legislature.

The residents of this community are strongly opposed to the community being divided and separated from the northern portion of Rosebud County for the purpose of voting in State and Federal elections

We the undersigned, demand that the redistricting commission no longer separate us from the northern portion our county and our county seat. Nor divide the community to satisfy a preset numerical population ideal within the redistricting target.

We the citizens of the community of Colstrip, Rosebud County, and the State of Montana petition the redistricting commission for the State of Montana to unify Colstrip within the northern portion of Rosebud County in the proposed redistricting plans to be adopted by the 2023 Legislature.

The residents of this community are strongly opposed to the community being divided and separated from the northern portion of Rosebud County for the purpose of voting in State and Federal elections

We the undersigned, demand that the redistricting commission no longer separate us from the northern portion our county and our county seat. Nor divide the community to satisfy a preset numerical population ideal within the redistricting target.
